FERTILIZER. FERTILIZER.
THE AMMONIATED
SOLUBLE PHOSPHATE

Is said to be the best fertilizer ever used, and is the cheapest by \$5.00 per ton of any Stand-
ard Fertilizer sold in the State. Gentlemen who used it last season and have bought
again this, WRITE US CONCERNING IT as follows:

WAKE COUNTY, N. C., December 21, 1873.
Messrs. A. C. SANDERS & CO., Raleigh:
Gentlemen—I used the ten (10) tons of the Star Phosphate bought of you last Spring, and it
turned out as well, if not better, than either of four different kinds that I used. I am
well pleased with it and wish you to reserve me some for next season.
Yours truly,
RUFUS J. IVORY.

NEAR RALEIGH, N. C., December 13, 1873.

A choir for the Catholic church is
being organized.

Pic-nics and fishing parties are now
much in vogue hereabouts.

See notice of meeting of People's
Building and Loan Association.

The revival at the Person Street
church continues with much interest.

The hop of the Oak City Pleasure
Club has been postponed to Friday
night week.

There will be a meeting of the Raleigh
Pleasure Club at the Court
House, on Saturday night.

Lanier Cobb, Esq., has been ap-
pointed by Gov. Caldwell a Commissioner
of Deeds for North Carolina
in Cobb county.

Governor Caldwell leaves this afternoon
for Salisbury to attend the
meeting of the Stockholders of the
North Carolina Railroad.

Mayor Whitaker wishes to return
thanks to Messrs. C. B. Fairchild
and K. P. Battle for vegetables for
the small-pox hospital.

Reamy, the house mover, mailed
yesterday 250 of his circulars to postoffice
for the purpose of distributing them
to the farmers of the county.

Wire-pulling and henny-fuggling is
now the order of the day here. Repu-
blican money is flowing freely into
the tills of the juicy counters.

From now until after the first
Thursday in August next most any
"ward of the nation" can get a job
of "henny-fuggling" in Raleigh, if
it is only to lay down and keep the sun
from shining on the sand.

The Republicans of Western Ward,
straight-outs, hold their convention
this evening in the School house, on
West Hargett Street, for the purpose
of nominating candidates for City
Commissioners for that Ward.

The Printers' Bald Mountain Base
Ball Club, of this city, is now in full
blast. After they have had a little
more practice they intend to erupt
by challenging the State for the
championship.

Revs. A. F. Redd and T. H. Pritchard,
of this city, are among the dele-
gates appointed from this State to the
annual meeting of the Southern Baptist Con-
vention, which convenes at Jefferson,
Texas, on the 7th prox.

We were mistaken in the name of
the paper to be published by Messrs.
Hearne and Spelman. It is to be
called the "African-American" or the
"African-American" or the "African-American".

Queen of the South Lodge No. 6,
I. O. G. T., at their regular meeting
last Monday evening elected the fol-
lowing delegates to the Grand Lodge,
which is to convene in this city on the
25th inst. Miss K. Bishop, Messrs. O.
Hunter, Jr., J. H. Jones and B. J.
Edwards.

Some of our city contemporaries
are urging war works upon the
city. We have had too many in full
already in the bond line. It has
been carried on to such an extent
that the ardor of the tax-payer to-
ward shelling out has been considerably
diminished.

Those Republicans of Eastern
Ward in favor of erecting a city
government building will hold a meeting
this evening in the old School house,
near the city cemetery, for the pur-
pose of nominating candidates for
Commissioners for said Ward. This
announcement is made by request.

The railroads of the State, we learn,
will meet at the Raleigh Convention
to the ensuing meeting of the Grand
Lodge of the I. O. O. F's, at Greens-
boro, for one first-class fare, or will
pass all such on return free, upon
the certificate of the Grand Secretary
that they have been in attend-
ance.

The Masons of this city will cele-
brate St. John's Day, June 24th, in
an appropriate manner. We hear
that Gov. Vance is to be invited to
deliver his lecture, the "Scattered
Nation" on the evening of this day,
the proceeds to be devoted to the
Oxford Orphan Asylum. We learn
that a grand dinner will be given.

The Medical Society of this State
convenes at Charlotte on the 21st
prox. As business of great impor-
tance to the medical profession will
be transacted, the Society has invited
members from all sections were urged to
be prompt in their attendance. A num-
ber of our State exchanges are re-
quested to copy the advertisement
which appears in another column.

of Bushe's N. C. Justice and Form
Book from 250 pages as originally de-
signed to nearly 500 pages, the pub-
lisher has been compelled to advance
the price of the Sheep Edition to 2.50
and Muslin Edition to 2.25 per copy

From this date henceforth Gov.
Caldwell will pardon no convict out
of the Penitentiary, unless the applica-
tion for pardon is accompanied by a
certificate from the Deputy Warden
or Chairman of the Board of
Directors that the convict has
demonstrated himself or herself, as
the case may be, properly and
has strictly adhered to the rules
of government. A notice of this de-
termination on the part of the Execu-
tive, will be published in hand bill
form and posted in places where it
will meet the eyes of the convicts, in
order that they may govern them-
selves accordingly.

ley & Bro. announce this morning that
they have in store a full assortment
of dry goods, boots, shoes, notions,

prices, and which will be sold as low
as by any other house in the city. See
notice in another column.

MEMORIAL DAY—GENERAL COX CHOOSES ORATOR.

The ladies of the
Memorial Association, of this city,
have selected Gen. W. R. Cox, of this
place, as the orator for Memorial Day.

The selection is an eminently happy
one. A true Southerner, and a val-
iant soldier himself, he is well fitted
by the associations of the past, com-
bined with his rare gift of effective
oratory, to speak of the high deeds
of those whose memory is honored in
the ceremony with a feeling and ten-
der eloquence. It fitting that the
brave should join beauty in paying
tribute to the ashes of the brave. We
again congratulate the ladies upon
the felicity of their choice. We learn
that the General, with his usual gal-
lantry, has accepted of the request
of the ladies. This year Memorial
Day falls on Sunday, but we sup-
pose the ceremonies will take place
on Monday following.

SUPERIOR COURT.—The Court met at 10 o'clock, a. m., his Honor, Judge Watts, on the bench.

The following cases were called:
State vs. J. Quint Bryan, charged
with larceny. Continued. E. L. Smith,
State witness, recognized.

State vs. Jack Mowatt, assault and
battery. Motion for a new trial.
Motion allowed.

State vs. Allen McPherson and
Henry Williams, burglary. Gen.
Cox and F. H. Busbee for State, and
T. R. Purnell and J. C. L. Harris for
defendants. This case was resumed
from Monday. The evidence was
closed, and the argument opened by
F. H. Busbee for State and J. C. L.
Harris for defendant. The argu-
ment will be closed by Gen. Cox for
State and T. R. Purnell for defend-
ants, and the case given to the jury
to-day.

The Crusade Repeated.—The Tem- perance Question Left Untouched.

At first glance the returns of the
municipal elections of last Monday
in Ohio do not seem encouraging to the
friends of the temperance movement.
We look in vain for evidence of that
wonderful change of public senti-
ment which was to regenerate the
great West if not the whole country,
and finally sweep all the dram-
shops from the face of the earth. Not
only the large cities like Cincinnati, Cleve-
land, and Columbus are reported as
losing, but even against temperance, but
declared in the rural districts, as
town after town, the polls were
registered the same. The result is
therefore not a few towns, but the
crusaders, but the effort to win
the victory in the opposite direction.
The friends of the temperance movement
writing to a Cincinnati paper from the
Home of Mother Stewart, Dio
Lewis' most efficient female con-
ductor, say that the plain truth is
Springfield, after full deliberation,
knowingly rejects the proposition to
suppress saloons; a clear majority
want no law deciding what shall be
drunk. "In that city the Common
Council is evenly divided on the
Temperance question. More dis-
appointing to everybody, is the success
of the anti-temperance ticket in
Washington, C. H., where the won-
en's movement was so successful, and
achieved, perhaps, its greatest vic-
tory, in Hillsboro, whence, as
from Washington C. H., missionaries
have gone into the surrounding coun-
try to show how the liquor traffic
may be exterminated by the women's
method. The dispatches say that
Franklin, so conspicuous in the early
history of the crusade, gave a majority
to the opposition, and that
Waynesville, Sidney, Pomeroy, and
other places equally celebrated in
connection with the women's move-
ment, also voted "anti-temperance."

SEABOARD AND RALEIGH RAIL- ROAD.—It strikes us that it is time our business men, and citizens gen- erally, should bestir themselves into taking some action in the further- ance of this enterprise. The busi- ness men of this city, and just its successful accomplishment will redound to the material prosperity of our city is a fact so self-evident that no explanation or elucidation is at all necessary. If we are to partake of the benefits it is fair and just that we should take our just share of the burden, and lend our energies to- ward the accomplishment of the de- sign. We cannot expect to sit idly by, with inert and folded hands, and have other people reap the fruits of self-respect and the pursuit of such a course. We should at once give to the work whatever of moral and substantial encouragement we can command. It is fair to do it to the city, and to the State, and to those who are to come after us. The opportunity is now within our grasp to open up to our market one of the richest and most fertile portions of the State, which has heretofore been a roundabout outlet to Norfolk, Va., and the northern ports. The cotton of Nash, Edgecombe and contiguous counties will find its way here, and such an impetus will be given to our trade, which, as much as just has grown within the past decade, will enter upon a career of commer- cial prosperity little dreamed of now. The advantages accruing from this direct communication with our sea- coast, through fertile portion of the country, are so patent to require de- tail. We will be in a position to make Raleigh a cotton and grain market of the first rank, beside becom- ing a centre of supply for the counties of the State, and a large area of territory; to grasp a trade which is now given entirely to cities of other States. But these things will not come to us without some effort on our part. The maxim that there is no great excellence without great labor is as applicable to combina- tions, corporations, etc., as to indi- viduals. As we said in the outset it is time that we should commence to act in this matter. Let our citizens, especially those who are to be ben- efitted most plainly, call and hold a public meeting in which the utility of this proposed road may be discussed, the benefits which it will inevitably bring in its train pointed out to the eyes far-sighted, and steps toward aiding in its accomplishment taken. Let a healthy public senti- ment be aroused in the matter, and let us all go heartily to work, each in his proper sphere, to secure an end which will not only enhance our present welfare but will open up to us such a bright future. Let us show by our actions that we properly appreciate the advantage now offered to us, and that we intend to turn it to profitable account. If we have energy and enterprise now is the time to show it.

THE DAILY NEWS.

WEDNESDAY, APRIL 15, 1874.
JORDAN STONE, Managing Editor.

The DAILY NEWS is now the only paper in Raleigh that gives every morning the latest markets and other telegraphic reports. The public should note this fact.

The name of Wm. M. SHIPP, late Attorney-General of the State, has been brought forward in connection with the Judgeship of the Mecklenburg District.

A CONVENTION of the Conservatives of the 9th Judicial District will be held at Lincolnton, on the 18th of May, to nominate a candidate for that Judgeship and Solicitorship of that District. The call is made by J. W. Gidney, Esq., Chairman of the District Committee.

The shipping trade of Norfolk, Va., is rapidly increasing. The arrivals there last week, of vessels of all classes, showed an increase of 30 over the corresponding period in 1873. The *Landmark* says this statement "speaks for itself." We are pleased to see our sister city taking rapid strides towards that stand in the commercial world which her position naturally entitles her to.

The British celebration in Richmond takes place on the 25th of May. It is thought it will be an elegant affair, the object being to bring together the immediate descendants of British settlers to unite in the celebration of the birthday of Queen Victoria, and to encourage immigration into Virginia. A grand banquet is to be given. No tickets will be issued after the 11th of May—application for them must be made to R. J. FAIRBANK, Esq., No. 6 Fourteenth street, Richmond, Va.

In referring in our columns to the names of parties who may be mentioned in connection with the nomination for different offices in this and other portions of the State, we must not be understood as endeavoring to forestall the action of any convention. Our choice shall be the nominees of the different conventions, but we bring forward the names of those who may be spoken of, in order that their merits may be discussed by the people before the conventions shall assemble.

The Indians are not yet happy, notwithstanding the fact that the Government spends its millions annually in keeping its military and commissioners out in the territories to "look after" them. Information from the RED CLOUD and SPOTTED TAIL agencies indicate the fact that matters are rather complicated between the Indians and the Government, the Indians showing an evident intention to resist.

The Louisiana question is again being considered by the U. S. Senate, and is likely to create much interest, being one in which the South particularly is interested. The running debate on Monday evidenced the fact that a powerful effort will be made to overthrow the usurping KELLOGG government, our Southern Senators receiving the support of some of the most able men of that body. The consideration of this question and that of the thieving and plundering in South Carolina, which has been brought to the attention of Congress, affords our Southern Senators and Representatives a most excellent opportunity to bring to the attention of the whole country the great injustice which has been heaped upon the Southern people.

Industrial Revolution in the South.

Col. F. E. WHITFIELD, of Corinth, Mississippi, has devoted many years to the study of questions involved in the manufacture of cotton cloth. Not long ago, while in Middle Tennessee, he found a machine, of which he had heard, devised by one CLEMENS. Mr. WHITFIELD examined and comprehended its mode and purpose of construction, and bought of CLEMENS the heirs a half interest in the revised machine. He caused one to be made, and it is now operation at Corinth. The cotton is taken from the fields and reginned; is converted by this machine into thread. Specimens of this thread have been sent to all all northern mills, and managers of these have uniformly written to Mr. WHITFIELD to learn where the machine was made. A thread made by Mr. WHITFIELD's machine will sustain fully one-third more weight than an equal thread made of cotton that has undergone the ordinary processes of compression and of the complicated machinery of common cotton mills. The invention of this gin and spinning-machine begets the absolute necessity for the transfer of cotton manufacturing to the cotton fields. There can be no competition between Northern and Southern mills when the latter make goods worth twenty-five or thirty per cent. more than cloth from Lowell or Leeds, and at the same time save the cost of transporting the cotton to Leeds, and thence back to New York and the South. Manufacturers from all parts of the United States have visited Corinth to witness the operation of this CLEMENS machine, and none deny or doubt ultimate results here defined.

It is not known what will be the final result of the recent attempted coup d'etat movement on the part of the Directors of the Atlantic and North Carolina Railroad, by which it was intended to transfer the management of that road into the hands of the Midland Railroad Company, and thus prevent the consolidation movement. It will be remembered that Governor CALDWELL, as soon as apprised of the movement, enjoined the Board from leasing the movement and condemning the action of the Directors on the part of the State, on Monday removed Messrs. STANLEY, THOMAS, DUNCAN and RAMSEY, and appointed in their stead Messrs. HUMPHREY and RHODES, of Wayne, and Messrs. MANLEY and MOORE, of Craven. The new Directors will endeavor to have a meeting of the Board to-day, and to effect an organization under the new regime. It is thought, however, the deposed parties will endeavor to fight the issue, and we may yet see a lively muss over the matter. Gov. Tob, however, has gotten his blood up, and will fight it out on this line if it takes him all the Summer.

The Executive Committee of the Conservative-Democratic party of the State meet in this city to-morrow, the 16th inst., and we hope there will be a fair attendance. Besides the nomination of a candidate for Superintendent of Public Instruction, the Committee will take into consideration the manner of conducting the Summer campaign and the establishing of a guard around those breakers upon which parties so often split. The campaign is to be fought against an unscrupulous enemy, and every safeguard should be thrown around our lines—no faltering from duty, no breaking ranks in the effort to accomplish personal ends. Let the Committee to-morrow consider these subjects well; let a line of policy be adopted that will be adhered to in every portion of the State, and let every man in the coming contest who jeopardizes the party by any breach thereof be held to a strict accountability. The Conservatives of the State in August next have an important duty before them, and the Executive Committee of the State should see to it that everything is put in readiness for the contest.

The State Board of Immigration. The Board of Immigration, established at the late session of the Legislature, composed of men who not only have the interest of the State at heart, but who possess peculiar facilities for accomplishing the end desired, have gone to work in earnest towards inviting the immigrant into the midst, affording all necessary accommodations in the company's accommodations in the principal of *Badger*, and of providing him with a home when he shall arrive. Agents have been appointed in every county in the State who are to furnish the Board with all information desired concerning each county, what number and class of immigrants may be needed, and what arrangements will be made for them upon arriving at the different localities. Railroad and steamboat fare has been satisfactorily arranged, and the Board is now at work collecting material for the publication of a pamphlet descriptive of the State, which is to be largely illustrated, representing the different interests of the State; the pamphlet to comprise some one hundred pages and some 50,000 copies to be printed for circulation. These pamphlets will be issued some time this Summer, and will no doubt be a valuable guide for those who desire to learn the real wealth that is to be found in the State. Any information desired upon this subject can be obtained of DR. HOWERTON, the Secretary of State and President of the Board.

A telegram from Austin, Texas, dated Friday, says that on Tuesday night, about dusk, the stage carrying the United States mail and eleven passengers, of whom three were ladies, was stopped twenty-three miles from that city, by three armed men, who cut the front horses out, took all the passengers' money and jewelry, broke open their trunks and gutted the mailbags, taking off one of them and two of the stagehorses. Among them were Bishop Gregg and the president of the national bank of San Antonio, from whom they took one thousand dollars. They secured about three thousand dollars from the passengers.

A cat which stuck its head too far into a tin can, in a New Jersey town, one light last week, was the innocent cause of a lively excitement. The family supposed a burglar must be in the kitchen, and while the ladies very properly fainted, the gentleman armed himself and began firing wildly out of the windows, to let the supposed marauders know there were fire-arms in the house. The police and members of the fire department were anything but complimentary in their remarks as they journeyed homeward.

Although President Grant is free in the expression of his opinions on the financial subject, he has been careful to utter no words that could possibly be construed as indicative of his action on any bill which may pass Congress and be presented to him for his signature. Some of the reports concerning him have originated in the desire to influence Congressional action, thus far without the least effect. Salvini has a rival in a Kansas jail prisoner. He played Samson by lifting the jail door from its hinges and departed. The King of Ashantee has signed the treaty with England, but has given no guarantee that he will execute its provisions. The late frost throughout the State of Georgia did little or no damage to fruit and growing crops.

Special Agent Jayne has resigned, and his family has been removed from New York State to a point which is to serve as a harbor of refuge for him. In case he should become unpleasantly involved by proceedings in the courts.

Marshal Ferraro, it is reported, has made overtures to the Carlists for a settlement, on a pacific basis. The Carlists, it is said, have positively refused to accede to the terms proposed.

Great preparations are being made in England for the reception of the remains of Dr. Livingstone and the funeral services. A subscription has been set on foot for the benefit of his family.

Dr. Pancoast, well known in connection with the Siamese Twins autopsy, has been elected professor of anatomy in Jefferson Medical College of Philadelphia.

Open-work embroidery will, it is said, be worth more than ever this summer.

The jewelry of a deceased actress was recently sold at auction in Paris, and realized \$101,510.

The holding of the Senatorial nominating convention at Newport on the 20th prox. They recommend Col. Pool as the Conservative nominee for Superintendent of Public Instruction.

The Radicals of Wayne county held another meeting on Saturday night. It was turbulent and broke up in a row, after having elected two candidates, transacting no business whatever. Messrs. W. T. Faircloth, of Wayne, and A. M. Seymour, of Craven, announced themselves as candidates for the nomination for the Judgeship of the district, and L. W. Moore, of Craven, for the Solicitorship. The proceedings of the meeting are characterized as being disgraceful in the extreme.

Col. James A. Amis.

It is highly important that the right man should be chosen to bear the Conservative banner in the approaching campaign. I am rejoiced to learn that the gentleman whose name heads this brief communication has been favorably mentioned in connection with the nomination for Congress in this district. A large acquaintance, extending throughout the counties composing the Metropolitan district, enables me to say, that among the men who have won distinction in the political arena, there is not one who equals Col. Amis in those attributes that distinguish the safe, conscientious, efficient and wise legislator, if we except Gov. Graham.

Col. Amis is a man of great purity of character, of the highest moral excellence, a capital campaigner, an able, clear, logical, animated and vigorous debater of remarkable sagacity, far-sighted, wary and yet bold, earnest and yet self-poised—honorable, high-toned, and what is so rare, and unobtainable, unselfish. I claim for him no more than will be conceded to him by every one who knows him intimately. For years he was the acknowledged leader of the Conservative side, having secured that position by the wisdom of his course and the force of his understanding. I have known him for twenty-five years, and it would be particularly gratifying to me if I could aid in giving to our people such a representative as he would make.

I have written the above because he so richly merits it, and it has been done without either his knowledge or consent, as his modesty, I know, would shrink from any such nomination, but if he obtains it, it must be without his knowledge or solicitation.

WAKE.

April 13th, 1874.

One of the fairest acts of the closing days of our Legislature was the addition of an amendment to the Appropriation bill of ten thousand dollars for a lying-in hospital to be attached to the Medical College of Physicians and Surgeons. No institution of the kind contemplated exists in the United States. In itself it will be a charity of great importance. If we ever have a training school for nurses, a lying-in hospital will be invaluable.
